Attention: Mr. Mark Lemmon

Subject: **Familiarization of STCs SR00578SE, SH4908NM and SH1635NM**

Dear Mr. Lemmon:

This is in response to your letters dated 1 October, 1998 making application for Canadian approval of the subject STCs. Hitherto Transport Canada policy has been a process of familiarizing FAA STCs and issuing corresponding Canadian documents. However following new policy now being implemented for certain categories of FAA STCs, some will be accepted entirely on the basis of the FAA document and entered on a national index.

This letter is your verification of the acceptance of the subject STCs by Transport Canada. Should you require additional information with regards to this matter or clarification please do not hesitate to contact Mr. Paul Swan at (613) 952-4439.

Yours truly,

H. W. Wong
